Petition to patent examiner Wayne A. Langel

RECEIVED
SEP 25 2003
GROUP 1700

Pertaining to Advisory Action, minus disclosure of date mailed, regarding patent application serial number 09/841,504, filed by Gene E. Lightner 04/24/2001, response to Advisory Action is enclosed within.

Remarks regarding patent application serial number 09/841,504, are enclosed on a separate sheet. Remarks determine that prior art is groundless within the present application.

Revised amendment practice, as established within 37 CFR 1.121, is presented. Thus claim listing, 2 pages, is provided within separate sheets, as well as previously presented abstract and remarks, making a total of 4 separate sheets.

It is expected that upon examination of the separate sheets, abstract and claims, will be allowed by the Examiner.

A separate sheet of the abstract, a separate sheet of remarks and separate sheets of claim listing is submitted and is petitioned to be allowable.

Very respectfully,

Gene E. Lightner
